

The Highway Trailer comes complete with jockey wheel, lighting, jack stands, suspension and dual purpose tyres.

Optional 1" thick Rubber Floor Mat.

Low Loading Trailer

The ultimate way to transport groundcare equipment

With their drop-down tailgates providing easy loading access, the Low Loading Trailers offer you an ideal means for transporting all types of groundcare equipment and supplies, with models available for both on and off road usage.

Besides transporting mowers, these trailers can be used for tasks as diverse as carrying divot mix or collecting leaves.

A range of useful accessories is available, including a sliding divider and mower clamp which can be positioned wherever required.
